Contractors' Equipment Fire Extinguisher Warranty

Attached to and forming part of The Contractor's Equipment Form.

The Insured shall carry on each item of equipment specified on the "Declaration Page(s)" a dry chemical fire extinguisher with a powder capacity of not less than 20 pounds which is fully operative at all times. The Insured shall also provide for regular inspection and maintenance of the fire extinguisher(s) as recommended by the manufacturer.

Except as otherwise provided in this endorsement all terms and conditions of this policy shall remain unchanged.
