---

### **THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

Attached to and forming part of Transportation Coverage – Owned Goods Form BF34

Coverage is extended to loss or damage from sudden or accidental breakdown or failure of refrigeration or heating equipment forming part of the transporting vehicle, subject to the Special Conditions below.

#### **SPECIAL CONDITIONS**

It is warranted that the insured and/or his agents, exercise due diligence in maintaining in complete working order, all refrigeration or heating units and equipment pertaining to such units by means of protective safeguard measures in accordance with Manufacturers specialized service procedures. Records of the maintenance work shall be kept and are subject to company audit by Insurer.

If the Insured fails to:

- a) perform such inspections;
- b) make required repairs;
- c) perform the maintenance specified by the manufacturer; and
- d) maintain written records,

there will be no coverage for loss or damage to cargo caused by or resulting from change in temperature.

It is warranted that "Vehicles" containing temperature controlled property shall be equipped with a signal device that is in working order and operating at all times and visible to the driver, that shall indicate to the driver if there is any breakdown, failure or inefficient operation of the temperature control equipment.

It is also warranted by the Insured that "Vehicles" containing temperature controlled property shall not be left unattended for more than eight (8) hours at any one time.

#### **OTHER INSURANCE**

The Insurer is not liable if at the time of loss or damage there is any other insurance that would be attached if this endorsement had not been effected. This coverage shall apply only as excess and in no event as contributing insurance and then only after all other insurance has been exhausted.

**Except as otherwise provided in this endorsement all terms and conditions of this policy shall remain unchanged.**
