9. VALUATION

One of the following clauses as specified in the policy Declaration Page(s) applies to this Form:

- 9.1. **Actual Cash Value:** The Insurer shall not be liable beyond the **actual cash value** of the property at the time any loss or damage occurs. Loss or damage shall be ascertained or estimated according to such **actual cash value** with proper deduction for depreciation, however caused, and shall in no event exceed what it would then cost to repair or replace the same with material of like kind and quality.

Various factors shall be considered in the determination of **actual cash value**. The factors to be considered include (but are not limited to) **replacement cost** less any depreciation, and market value. In determining depreciation, consideration will be given to the insured property's condition immediately before the loss or damage, the insured property's resale value, the insured property's normal life expectancy and actual or potential obsolescence of the insured property.

- 9.2. **Replacement Cost (optional):** At the option of the Named Insured and subject to this Form's co-insurance conditions, the Insurer agrees to settle on a **replacement cost** basis. This shall not increase the amount(s) of insurance. **Replacement cost** means the cost of repairs or of replacement, whichever is the lower amount, with new property of like kind and quality and without deduction for depreciation. - 9.2.2. betterment resulting from the repair or replacement of parts having prior unrepaired damage.

Replacement shall be effected by the Named Insured with due diligence and dispatch.

13. OTHER INSURANCE

This clause 13. does not replace or alter the terms of this Form's exclusion 7.5..

If at the time of loss or damage to insured property there is available to the Named Insured any other insurance that would apply in the absence of insurance under this Form, the insurance under this Form shall apply only as excess insurance over such other insurance.

This Form does not insure loss or damage caused directly or indirectly, in whole or in part, by **terrorism** or by any activity or decision of a government agency or other entity to prevent, respond to or terminate **terrorism**. This exclusion applies whether or not there are one or more other causes or events (whether covered or not) that contribute concurrently or in any sequence to the occasioning of the loss or damage. If any portion of this exclusion is found to be invalid, unenforceable or contrary to statute, the remainder shall remain in full force and effect.
