## 1. DEDUCTIBLE

The Insurer is liable for the amount by which the direct physical loss or direct physical damage caused by an insured peril exceeds the amount of the deductible specified in the Declaration Page(s) in any one occurrence. However, the deductible does not apply if the payable indemnity amount:

- 1.1. reaches ten times the amount of the deductible stated in the Declaration Page(s), before applying such deductible; and
- 1.2. is more than \$25,000.

If more than one **agricultural property form** is involved in one occurrence or several insured perils occur at the same time contributing to the loss, and different deductibles apply, only the highest of those deductibles stated in the Declaration Page(s) will apply to the damages insured under those forms.

## 2. CO-INSURANCE

This clause applies separately to each Form for which a co-insurance percentage is specified in the Declaration Page(s).

The **Insured** shall maintain insurance concurrent with this Form on the insured property to the extent of at least the amount produced by multiplying the value of the property as defined under Item **3. BASIS OF VALUATION** of the **SPECIAL PROVISIONS** by the co-insurance percentage specified in the Declaration Page(s). The Co-Insurance clause shall be applicable to the value of the property as determined by the basis of valuation stated in the Declaration Page(s). If the **Insured** fails to do so, the **Insured** shall be entitled to recover only that portion of any loss that the amount of insurance in force at the time of loss bears to the amount of insurance required to be maintained by this clause.

This clause applies only where the amount of loss or damage exceeds \$25,000 per Form.

## 3. BASIS OF VALUATION

**Farm Buildings and Building Equipment** value shall be determined as **Actual Cash Value** or **Replacement Cost**, as stated in the Declaration Page(s).

### 3.1. Replacement Cost

**Replacement cost** means whichever is the least of the cost of replacing, repairing, constructing or re-constructing the property on the same site, with new property of like kind and quality and for like occupancy, without deduction for depreciation. In the event that new property of like kind and quality is not obtainable, new property which is as similar as possible to that lost or damaged and which is capable of performing the same function shall be deemed to be new property of like kind and quality. If a **farm building** is not rebuilt on the same site, the Insurer will still indemnify the **Insured** based on **replacement cost**, but shall not pay for any other additional costs that are incurred because the reconstruction occurs on a land already owned or newly acquired by the **Insured**, whether or not a coverage exists to cover such additional costs.

### 3.2. Business records, including those which exist on electronic or magnetic media (other than pre-packaged software programs):

- 3.2.1. the cost of blank materials for reproducing the records; and

- 3.2.2. the costs of labour to transcribe or copy the records when there is a duplicate.
- 3.3. Replacement, repair, construction or re-construction shall be effected by the **Insured** with due diligence and dispatch;
- 3.4. Until repairs or replacement has been effected, the amount of loss payable under this Form shall be limited to the **actual cash value** of the loss or damage to the **farm building(s)** or **building equipment**. Payment will not exceed the actual costs for repair or replacement or reinstatement;
- 3.5. Settlement on a **replacement cost** basis shall be made only when replacement, repair, construction or re-construction has been effected by the **Insured** and in no event shall it exceed the amount actually and necessarily expended for such replacement, repair, construction or re-construction;
- 3.6. Failing compliance by the **Insured** with any of the foregoing provisions, settlement shall be made on the basis of the **actual cash value** at the time and place of loss or damage, but not exceeding what it would cost to repair or replace with material of like kind and quality;
- 3.7. Any other insurance effected by or on behalf of the **Insured** in respect of the insured perils under this Form on the property to which this clause is applicable shall be on the same basis of valuation as defined hereinabove;
- 3.8. This clause applies separately to each item listed in the Declaration Page(s);
- 3.9. Exclusions  
Replacement Cost does not apply to:
- 3.9.1. patterns, dies, moulds;
- 3.9.2. paintings, etchings, pictures, tapestries, statuary, marbles, bronzes, antique furniture, rare books, antique silver, porcelain, rare glassware, bric-a-brac or other articles of art, rarity or antiquity;

- 3.10. **Actual Cash Value**  
**Actual cash value** means various factors that shall be considered in the determination of **actual cash value**. The factors to be considered shall include, but not be limited to, **replacement cost** less any depreciation, and market value. In determining depreciation, consideration shall be given to the condition of the property immediately before the damage, the resale value, the normal life expectancy of the property and obsolescence.
- 3.10.1. property of others in the custody or control of the **Insured** for the purpose of performing work upon it: the amount for which the **Insured** is liable, but not exceeding the **actual cash value** at the time and place of loss or damage plus allowance for labour and materials expended to such time.
- 3.10.2. tenant's improvements:
- 3.10.2.1. if repaired or replaced with due diligence and dispatch, the amount actually and necessarily expended, but not exceeding the **actual cash value** of the tenant's improvements at the time and place of loss or damage;
- 3.10.2.2. if not repaired or replaced with due diligence and dispatch, that portion of the original cost of the lost or damaged tenant's improvements which the unexpired term of the lease at the time of loss or damage bears to the period(s) from the date(s) such tenant's improvements were made to the expiration date of the lease.
- 3.10.3. all other insured property under this Form and for which no more specific conditions have been set out: the **actual cash value** at the time and place of loss or damage, but not exceeding what it would then cost to repair or replace with material of like kind and quality.

Failure of the **Insured** to comply with this warranty shall suspend the related property coverages until the **Insured** respects the abovementioned obligations arising from this warranty clause.
